

MEMBERSHIP AGREEMENT INDEPENDENT DENTIST NETWORK (IDN)

Introduction

Independent Dental Network (IDN) is an alliance of independent dental practices and dentists who want to save dentistry from Health Fund and Corporate Chain dominance and move in a new and better direction bringing together the tools, strategies, and systems that will ensure a bright future for each of its members. IDN is designed to help bolster the profile of local practices and highlight the superior benefits of independent dentistry through a collective marketing activity.

The Independent Dental Network (IDN) is established to help independent dentists grow their businesses by utilising group power to reduce cost and administration pressures and significantly increase awareness and benefits of choosing independent dentistry over corporate and health fund preferred providers.
